The allegations against Treasurer Malarkey are that, being duly qualified as the county treasurer, it was his duty October 1, 1893, to make and file with the clerk of the county court a report showing the amount of money he had received during the six months preceding, from what source the money had been received, with the date of its receipt, and the persons from whom received, the amount of money paid out by him, and the warrants and the amount of money on hand at said date.

THE COUNCIL FIASCO.

The city council of Salem has nearly as unenviable a reputation as that of Chicago, for fighting.

It is only by Alderman Gray's, co-headed motion to adjourn at the right moment, that the council has more than once saved itself from a disgraceful scene. It came in the nick of time last night. But some time the council will not adjourn, and the result is difficult to forecast.

There will be a big crowd out next Tuesday night to witness the next row.

Things Worth Remembering.

When you feel a kind of goodness about the stomach it is a sign that your food does not sit well and that you are about to have a fit of indigestion.

When you begin to feel nervous and are unable to sit still comfortably; when your clothes suddenly seem to lose their fit and become too tight in places the fit of indigestion is surely upon you.

When this fit of indigestion is repeated from day to day it finally resolves itself into dyspepsia.

Remember that three to ten of Brandreth's Pills will cure the worst case of indigestion or dyspepsia, or both, and that a regular course of them, say two every night for a week or ten days, will act as a preventive of either complaint.
